

# TRAINING IN RESULTS-BASED STRATEGIC PROGRAMME PLANNING AND MANAGEMENT

This training has been developed within the project "Local Leaders in South-East Europe: Lead for Change (LL SEE)", implemented by the Network of Associations of Local Authorities of South-East Europe (NALAS), its member Local Government Associations (LGAs) and the GIZ, to enhance leadership and management competences of local decision makers and managers from Municipalities (LGs) and Public Utility Companies (PUCs) for planning and implementation of investment projects in the field of municipal WSS infrastructure.

## Overall Training Objectives

- Participants are able to apply the key elements of managing for results in the context of programme planning and management.
- Participants are able to harmonise PUC strategic planning and LG strategy.
- Participants are able to use key elements of managing for results in evidence-based decision making.

## Training Topics

- Introduction to result-based approach
- Strategic planning for WSS services at local level
- Operational planning and management of WSS services
- Result-based strategic planning process
- Situation analysis: purpose and elements
- Cause-effect hypothesis of problems
- Cause-effect hypothesis of results
- Four levels of results
- Results matrix
- Monitoring for results and monitoring tools

## Target group

- **LGs:** Upper management (General Secretariat, Head of Finance, Head of HR, etc.), and
- **PUCs:** Upper management (members of the Supervisory Board, General Management, Executive Managers of the technical, financial and legal sectors, Head of PIU)
